Description

SUNSEEKER 90 'MELINDA V' - LUXURY, PERFORMANCE & EXCEPTIONAL VERSATILITY

2007 Sunseeker 90 | 28 Metres | \$3,000,000

A magnificent motor yacht with exceptional cruising credentials, luxurious accommodation and a very special feature that sets her apart.

Step aboard Melinda V, a spectacular 90-foot Sunseeker that combines British craftsmanship, commanding performance and the ultimate luxury lifestyle.

This is no ordinary luxury motor yacht. Having cruised the beautiful waters of the Whitsundays and ventured as far as Vanuatu, Melinda V is a genuine long-range adventure yacht that has proven herself well beyond the marina.

Beautifully presented and extensively upgraded, she offers an exceptional opportunity for a discerning buyer seeking luxury, comfort and the freedom to explore. A STANDOUT FEATURE - HYDRAULICALLY LOWERING FLYBRIDGE TARGA

One of Melinda V's most distinctive features is her custom hydraulically lowering flybridge targa and radar arch.

This clever feature allows the structure to be lowered to reduce the vessel's overall air draft, potentially providing access beneath bridges that would otherwise restrict a motor yacht of this size.

An unusual and highly desirable feature on a 90-foot luxury motor yacht, it offers an additional level of flexibility when planning cruising destinations and navigating waterways. FRESH TEAK DECKING & EXTENSIVE UPGRADES

Melinda V continues to benefit from ongoing investment and improvements, including beautiful newly laid teak decking, adding a fresh, luxurious finish to her outdoor areas.

Other upgrades and improvements include:

-

Upgraded surround sound system throughout Newly laid teak decking

-

Refreshed interior wall and ceiling finishes

-

New carpeting in the cabins

-

Updated saloon flooring

-

Redesigned saloon layout, creating a more open, social entertaining space

-

Repainted hydraulic swim platform
