Description

HANSE 370E ‘BELLA’ — STRIKING LOOKS, SAILING STYLE & CRUISING COMFORT

With her sleek lines and striking dark grey topsides, Bella is a real head-turner. This 2007 Hanse 370E brings together an inviting cruising layout and a thoughtfully equipped sail inventory, offering plenty to tempt sailors who enjoy both relaxed weekends and a lively day under sail.

Her topsides have been repainted in their original dark grey, giving her a distinctive, sophisticated presence on the water.

A self-tacking headsail and lines led to the cockpit make sail handling convenient, while her Philips Sails inventory includes a radial Dacron mainsail with two reefs, a premium cross-cut Dacron self-tacking headsail with UV strip, new in November 2024, and an aramid laminate radial Code 0. The headsail furler was replaced in April 2023.

Highlights include:
- Dark grey topsides that beautifully complement her contemporary lines.
- B&G Zeus T8 MFD/chartplotter, IS20 combi instrument, wind system, AIS and autopilot.
- 600W of solar, Victron MPPT controllers and a Blue Sea digital monitor for solar, fuel and water.
- Three private cabins, with additional convertible saloon accommodation.
- Yanmar 3YM30 diesel, saildrive and two-blade folding propeller.
- Muir 960 anchor winch, new June 2025, with Rocna anchor.
- Dodger, bimini, cockpit protection, stern BBQ and folding boarding platform.

Below decks, Bella offers a welcoming saloon, practical galley, generous refrigeration, hot water and an electric toilet—comfortable surroundings for weekends aboard and longer coastal escapes.

Distinctive, well equipped and full of appeal, Bella deserves a place on your inspection list. Contact CB Yacht Sales for further information or to arrange a viewing.
