Description

AMSA 1E — 28 PAX + 2 CREW | AMSA 1C — 19 PAX + 1 CREW

A SYDNEY HARBOUR ORIGINAL WITH CHARACTER, COMMERCIAL CERTIFICATION & REAL POTENTIAL

A great time to buy — and an even better time to inspect her!

Meet 'North Sea', a distinctive Boden Trawler with genuine Sydney Harbour heritage, built by Heyn Brothers in Balmain.

At 12.25 metres, she is a wonderfully practical size for commercial charter, with a traditional trawler profile, generous walk-around decks and an inviting single-level layout that makes her exceptionally well suited to passenger operations.

She is a vessel people notice — and one that has become well known and well loved on Sydney Harbour.

Now offered at a significantly reduced \$150,000, 'North Sea' represents an exciting opportunity for an operator looking for an affordable way into the commercial charter market, or an existing operator looking to add another vessel to their fleet.

VERSATILITY IS HER STRENGTH

'North Sea' is currently certified for:

AMSA 1E — 28 passengers + 2 crew

Ideal for Sydney Harbour cruising, sightseeing, private functions, corporate events and charter work.

AMSA 1C — 19 passengers + 1 crew

Providing the ability to undertake offshore operations including whale watching, fishing and other suitable coastal activities, subject to the applicable operating requirements.

Her dual certification gives an operator the opportunity to explore more than one commercial market from the same vessel.

DESIGNED TO ENJOY THE VIEW — WHEREVER YOU ARE ABOARD

One of the great advantages of 'North Sea's' traditional trawler design is the way guests can move comfortably and easily around the vessel.

Her generous walk-around decks and single-level entertaining layout mean guests aren't confined to one area. They can move around, find their favourite spot and enjoy the constantly changing views of Sydney Harbour.

Whether you're sitting back under cover, enjoying the sunshine on deck, heading forward for a different perspective or simply watching the harbour go by, there is always somewhere to be and something to see.

For sightseeing, whale watching and fishing charters, this is a particularly valuable feature — guests can experience the journey from different vantage points rather than being restricted to one passenger area.

A VESSEL WITH CHARACTER — AND A STORY

Built in Balmain, 'North Sea' has a genuine connection to Sydney's maritime history.

Constructed from Oregon and Spotted Gum, with double diagonal planking and a substantial 1¼-inch Beechwood deck, she has the warmth and character that simply cannot be replicated by today's mass-produced vessels.

The current owner has invested significantly in bringing 'North Sea' back to her former glory, including:

- Electrical rewiring and upgraded dashboard
- New starter batteries
- New clears
- New bimini and bow cover
- New Weber BBQ
- Ongoing maintenance and upgrades
- Annual haul-out and antifoul completed

PRACTICAL COMMERCIAL LAYOUT

The easy one-level configuration works exceptionally well for charter operations, with:

- Spacious undercover entertaining areas
- Large daybed
- Open sun-drenched deck space
- Easy walk-around decks
- Galley and head conveniently located aft of the helm
- Aft galley serving area opening directly onto the deck
- Full liquor licence
- DJ / entertainment capability
- Bluetooth surround sound
- Garmin navigation
- Large engine room with easy access
- 400L freshwater capacity
- 1,200L diesel capacity
- Four berths
- Four bilge pumps
- Solar panels
- Inverter
- Transom davit for tender

ECONOMICAL DIESEL POWER

Powered by a proven Ford Lehman 120HP diesel on shaft drive, 'North Sea' cruises comfortably at approximately 5-6

knots, with a maximum speed of around 8 knots.

Her trawler-style operation is well suited to the relaxed pace of Sydney Harbour cruising, sightseeing and offshore charter work.

SURVEYED & READY FOR HER NEXT CHAPTER

Her commercial survey is accredited through 19 June 2029, providing valuable time for a new owner to build and develop their operation.

And with forward bookings already in place, including a New Year's Eve booking, there is an opportunity to continue an existing charter program while developing new business.

NOW ONLY \$150,000

A BALMAIN-BUILT BODEN TRAWLER. COMMERCIAL CERTIFICATION. SYDNEY HARBOUR PRESENCE. AND PLENTY OF POTENTIAL.

At \$150,000, 'North Sea' deserves serious attention from anyone looking for an affordable commercial vessel with the ability to operate across harbour and offshore markets.

COMING OUT OF THE WATER — 24 SEPTEMBER 2026

This is an excellent opportunity to inspect 'North Sea' out of the water while she undergoes her annual checks, cleaning and maintenance.

Come and see the hull, running gear and the vessel for yourself.

She is a boat with history, character and plenty of life left in her — and at this new price, she represents an exciting commercial opportunity.

Contact Cathy at CB Yacht Sales on 0402 135 442 to arrange your inspection.
